

01 PROFILE

Product Designer with 5+ years of experience creating digital experiences for international brands. Experienced in user research, interaction design, prototyping and design systems, with a strong focus on solving customer and business problems through iterative product design. Passionate about building intuitive products in fast-paced cross-functional teams.

Experienced in translating customer and business problems into intuitive product solutions, intuitive interfaces, collaborating with cross-functional teams, and working within design systems. Passionate about building high-quality, user-centered digital products in fast-paced, product-driven environments.

02 CORE SKILLS

UX & Product Design

User Research · User Interviews · Personas · User Journey Mapping · Information Architecture · User Flows · Wireframing · Prototyping (Low–High Fidelity) · Usability Testing · End-to-End Product Design · Problem Framing · Iterative Design

UI & Systems

UI Design · Design Systems · Responsive Design · Accessibility Fundamentals · Visual Hierarchy · Interaction Design

Tools

Figma · Adobe CC · Notion · Framer · AI Tools · Claude Code · Cursor · Obsidian · Git Hub · NotebookLM

Collaboration

Agile / Scrum · Stakeholder Management · Engineering Handoff · Cross-functional Teams

Soft skills

Problem Solving · Cross-Functional Collaboration · User-Centered Mindset · Analytical Thinking · Adaptability

03 EXPERIENCE

10/2024 – 12/2025

Media Graphic Designer

Wiethe GmbH — Georgsmarienhütte, Germany

- Designed digital interfaces, landing pages and customer-facing experiences for international e-commerce brands.
- Worked within established design systems and brand guidelines to ensure consistency across digital touch-points.
- Collaborated with cross-functional stakeholders to translate customer and business requirements into intuitive digital experiences.
- Supported large-scale e-commerce clients (e.g. Tchibo) with high-quality, production-ready digital assets.
- Applied AI-assisted workflows to improve efficiency in asset creation, iteration, and image refinement.
- Managed multiple parallel projects, balancing accuracy, consistency, and tight delivery timelines.

08/2021 – 06/2024

Media Graphic Designer

SK Werbung — Lengerich, Germany

- Created print and digital design assets including branding materials, advertising campaigns, and visual identities.
- Collaborated directly with clients to define requirements and translate business needs into visual solutions.
- Developed strong understanding of production workflows, ensuring designs were implementation-ready across digital and print channels.
- Maintained consistency across multi-client design systems and brand guidelines.
- Gained experience in fast-paced delivery environments with multiple concurrent projects.

05/2018 – 08/2023

Customer Service

Eiscafé Breda — Bad Rothenfelde, Germany

- Delivered customer-facing service in a fast-paced environment, strengthening communication, adaptability, and problem-solving skills.
- Collaborated with clients to understand needs and translate them into effective visual and print design solutions.
- Designed and produced marketing materials including flyers, brochures, signage, packaging, vehicle wraps, and promotional assets.
- Performed print preparation, file validation, colour management, and prepress quality assurance for production workflows.
- Built strong understanding of end-to-end production processes from concept to final delivery.

04 EDUCATION

03/2026 – 06/2026

UX/UI Product Design Bootcamp

WBS Coding School — Berlin, Germany

- Intensive, project-based program focused on end-to-end product design
- UX research, user interviews, information architecture, wireframing, prototyping, UI design
- Design systems, accessibility, responsive design, Agile workflows
- Capstone: Designed a full digital product from research through to interactive high-fidelity prototype
- Applied usability testing and iterative design improvements based on user feedback
- Project-based, team-oriented full-time programme using Agile workflows and collaborative product design practices.

2021 – 2024

Media Designer (Ausbildung)

Adolph Kolping Berufskolleg — Münster, Germany

- Specialization in digital & print media design, typography, branding, and production workflows
- Focus on visual communication, design systems, and technical production constraints

2021 – 2024

Technical Secondary School

BBS Osnabrück — High School Diploma

05 SELECTED PROJECTS

End-to-End UX/UI Product Design Case Study

- Defined customer problems through user interviews and research.
- Translated findings into user journeys and information architecture.
- Designed end-to-end user flows and interactive prototypes in Figma.
- Conducted customer testing and iterated solutions based on usability findings.
- Built scalable UI components using design system principles.

Freelance Product & Brand Design Projects

- Led discovery process with stakeholders to define business goals and visual direction
- Designed complete brand identity including logo, typography, and colour system
- Created supporting digital and marketing assets for consistent brand application

06 CERTIFICATIONS & OTHER

- UX/UI Product Design Bootcamp — WBS Coding School
- Leaders of AI — EU AI Act
- PDF/X Ready Certification
- Brand Development (Wdrazaj.AI)
